**Subject:** RE: Area 40 HHRA Comments

Hi, Chris. Based on the internal meeting we had yesterday, we're not going to be able to finalize the HHRA document until the seasonal ambient air sampling is complete—sometime after April 2018. We can still get it ready for finalization, but the final version will be dependent on the ambient air sampling results and analysis.

I'm sending over the letter on ambient air sampling in just a minute. I realize you'll be concerned about this, but let's talk about it next week and figure out how we can best move forward and try to meet your timelines.

Thanks,  
Lynn

**Subject:** Area 40 HHRA Comments

Hi Lynn – Were you going to send the EPA's comments on the HHRA to me today? As soon as we receive them, we can work on incorporating responses into the HHRA and finalize the document. Thanks, Chris
